

Porcelain

Multiple Sizes, Made in Italy
Color Body, Non Rectified

BODEGA series porcelain tiles are made in Italy, to replicate the poured resin or concrete floor. As opposed to an industrial cementitious floor concept, poured concrete in its liquid state may be mixed with epoxy resin components to provide a seamless, uniform, crack free look, therefore achieving a slick and modern look in larger floors. Process allows the installer to create patterns or finish it with a trowel, which mimics the hand-crafted touch. Bodega successfully incorporates this design concept, adding value with hassle free installation and a great budget. Along with a 24" x 24" tiles, 6" x 24" and 10" x 12" Hexagon's are available in stock for walls and floors, complimenting the large squares.

Stocking Colors + Sizes

BODEGA Blanco

24" x 24"

6" x 24"

10" x 12" Hex

BODEGA Savia

24" x 24"

6" x 24"

10" x 12" Hex

BODEGA Gris

24" x 24"

6" x 24"

10" x 12" Hex

2" x 2" Mosaics and 3" x 24" Surface Bullnose pieces are made to order with 8 to 12 days lead time

Installation: Manufacturer recommends on-set (stacked) pattern like the photo above. If a staggered pattern is preferred, tile should overlap no more than 20%. Use a high bond, property thin set. Tiles are non-rectified. Allow a min. 1/16" grout joint. Use of leveling piece such as Tuscan Seamclip™.

Application: Suitable for residential and commercial use.

Care: When necessary, use non abrasive, neutral detergent diluted with water.
