

PORTO

Mono Caliber, Rectified
Glazed, Made in Spain

Light colored limestones from the Mediterranean evoke tranquility and a slow-paced, laid-back way of life; akin to the Mediterranean way in our spaces over the past decade or so. PORTO is a foray into the Porcelain Tile offering from our deep involvement with the off white, ivory, light gray of natural limestones. Finally, after a long wait, we have curated the best blend in color, texture, size that you would expect from a porcelain collection that represents a beloved natural limestone look.
