

PANAI

Porcelain - Extruded Body
Made in Spain

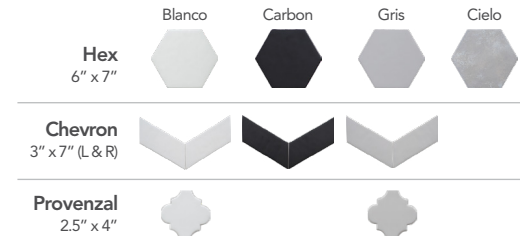

Panal series emphasize a group of popular geometric shapes in monochromatic color scheme. Suitable for walls and residential floors. Extrusion method is employed in porcelain body production, in order to achieve a hand crafted feel while maintaining the contemporary look.

Modular Layouts

* Demi Bullnose is also known as "Jolly" or "Mini Qtr. Round"

Stocking Sizes & Colors

Characteristics

Applications: Interior walls and floors only.

Material Facts: Stain & Fade Resistant, Low maint., Eco-Friendly.

Installation: Follow the methods TCNA has set for preparation and installation. Use white color thin set, non sanded grout with a minimum 1/16th or 1/8th of a joint. Non-rectified edge, size and shade variations are always inherent with the extruded porcelain production. Please do the necessary blending and inspect the tiles to determine appropriate grout joint prior to installation. For wet areas, moisture barriers must be established.

Care: Clean with nonabrasive, neutral detergent or mild soapy water. Allow adequate ventilation in wet areas.

Package Details

PANAL 3" x 7" Chevron – 7SF per box (48 pieces)
PANAL 6" x 7" Hexagon – 5.746 SF per box (26 pieces)
PANAL 2.5" x 4" Provenzal – 4.386 SF per box (60 pieces)
* All sizes are quoted nominal as industry standard.

Technical Properties

Type: Extruded porcelain body non-rectified
Variation: V1
Thickness: 3/8"
Coefficient of Friction: DCOF > 0.42 (SLIP RESISTANCE)
Frost Resistance: Yes
